## **Wittke Statement on Evers “Safer at Home” Extension**

“My frustration and disappointment in Governor Evers extension of the ‘Safer At Home’ order has reached its peak. And like the constituents I’ve heard from in the last days, I want to know: Where is the science? Where is the data to support this extreme decision? Where is the plan for an orderly reopening of our state?”

It is time for us to recognize the suffering of so many: Loss of jobs; Loss of business; Loss of necessary health care; and loss of so much more with no reasonable end in sight. It’s time for us to take the action necessary to open Wisconsin.”
