## **REP. BOB WITTKÉ STATEMENT ON TAX RELIEF FOR MIDDLE CLASS**

Assembly Republicans Unveiled \$340 million in tax relief from state surplus

Madison – Rep. Bob Wittke (R-Racine) joined his Assembly Republican colleagues today as they unveiled a significant tax relief initiative for middle class families.

“I am happy to support our first actions of the legislative session to lower the tax burden on working families. The people of the 62<sup>nd</sup> Assembly District sent me to Madison to find common ground with our new governor, to continue to lessen the tax burden on families, and to continue to develop an environment where our businesses and industries create jobs. I believe this proposal meets those criteria and support its passage.

Republicans built a surplus by careful budgeting over these past eight years. Governor Evers said he wants to see Wisconsin’s middle class get a tax cut. I agree!”

###

*Wisconsin’s tax burden is now the lowest in nearly 50 years. ([Wisconsin Policy Forum](#))*

*[BUT: Wisconsin is out of the top ten in worst taxed states, but still #38. But state income tax rates ranked at 43<sup>rd</sup> according to the Tax Foundation.](#)*
